ENEL DRAWS UP COVID-19 INSURANCE POLICY FOR ALL ITS GLOBAL EMPLOYEES

- *The insurance tool guarantees cash benefits for the Group's over 68,000 employees worldwide in the event of hospitalization or intensive care should they contract the virus*
- *This is the first insurance tool in the world aimed at guaranteeing support at a global level for the current pandemic and will guarantee additional benefits on top of all other insurance policies and forms of health care already used within the Group*

Rome, March 26th, 2020 - Enel has drawn up an insurance policy to cover the Group's over 68,000 employees worldwide in the event of hospitalization with the COVID-19 virus. The insurance tool, which was specifically designed for the needs of the Enel Group, represents the first ever of its kind in the world aimed at guaranteeing support at global level for the ongoing pandemic.

Through the policy, Enel will guarantee a cash allowance for all Group employees who are hospitalized after contracting the virus or undergoing intensive care. The policy will guarantee additional benefits beyond those offered by all other insurance tools and forms of health care already available to Group employees.

This tool, developed in collaboration with the leading company in the insurance and risk management services sector Aon SpA, was activated immediately in all countries where Enel has employees.
